User Stories

User Stories:

1. As a user I want to be able to place my ships on my board so that I can start the game.
2. As a user I want to be able to view where my opponent has attacked my ships so that I can make my next move.
3. As a user I want a view of the hits and misses I have made on my opponent's board so that I can plan where to make my next move.
4. As a user I want to be able to connect to the network so I can play with another person on a different computer.
5. As a user I want background music so that the game is interesting.
6. As a user I want victory music so I know when I beat my opponent.
7. As a user I want to be able to customize the board size so I can play a more difficult game if I want to.
8. As a user I want to be able to keep track of my statistics for the current game so that I can try to improve for the next game.
9. As a user I want to be able to view my lifetime statistics so I can analyze patterns in my playing style.

10. As a user I want to be able to save my profile so I can keep track of statistics across multiple games and play sessions.
11. As a user I want a timer so the other player doesn't leave the game and make me wait.
12. As a user I want to be able to use the game without lag so it is an enjoyable experience.
